PROSPECTUS: The 2010 theme for the SCA Marketing and PR engine that will drive the success of our 2010 South Coast Artists Open Studio Tours is: "Start Your Art Engines". It is no secret art lovers attending our tours need an **engine of sorts** to get to our studios! Engines come in all shapes and sizes, motorized or non, many wheels or just one, on boats or trucks and cycles. The Creative Challenge is to interpret this theme in any 2D or 3D media and submit a digital image of the original artwork with ENGINE as the theme.

All works must be original. There are no restrictions on size or media.**

PRIZES: Juror Karla Little will award "Best-Art-Engine", as well as a first prize and honorable mention. **"Best-Art-Engine" award will win a free open studio tour registration** (choice of the July or August 2010 Tour Weekend). Prize winners will enjoy prominent inclusion in the summer 2010 open studio tour media and press releases. Awards are not transferrable and cannot be exchanged for cash value.

ELIGIBILITY: All entrants must be current members of the South Coast Artists. All SCA Members may participate. Each Member may submit one entry.
