Connecting Artists and Audiences
in Inspiring Ways

Welcome to the eighth annual South Coast Artists Studio Tour.

It's time to "Discover Art & Soul" as you visit the studios of some of the best artists living, working and exhibiting in the four beautiful coastal towns of Tiverton, Little Compton, Westport and Dartmouth. Whether this is your first visit, or you're a seasoned traveler to the South Coast, you're sure to be impressed by the high quality and diversity of creative work being produced in these scenic communities.

This year the tour is happening on two separate weekends, July 16–17 and August 20–21, and includes 74 exhibiting artists. It's a self-guided tour that takes you across small highways and rural byways. Along the way you'll discover artists working in different mediums, such as oil, acrylic, watercolor, photography, sculpture, basketry, textiles, shells, ceramics, glass, wood, paper, jewelry and recycled materials. All you have to do is follow the map and look for blue and white "Open Studio" signs and the windsocks that mark each location.

Look for the blue and white Studio Tour signs!

Many of the artists on the tour will be demonstrating just how they create their one-of-a-kind artworks. Visit www.southcoastartists.org to download the updated schedule.

And, don't worry if you can't make it to every artist on the tour. Many of the artists welcome visitors at other times during the year. Artist contact information is provided in the brochure.

South Coast Artists is a 501 c3 non-profit organization comprised of well-established artists and newer artists just beginning their creative adventure. It's our mission to promote all types of artists and art education throughout this coastal region of New England. SCA provides a comprehensive website directory, enhanced artist resources, and art events for the community and our sponsors

"Best Art & Soul"

Phyllis Adams

Dancing Baby Plover
Acrylic

How could you not bust out in a big smile when you see this little bird dancing its "heArt" out celebrating life & love and begging everyone to join his "party"? It made my heart sing. The greeter of the studio tour, he appeals to a wide range of ages and is bursting with life with the sun shining on his heart & soul!

First Place

Walter Horak

People Could Fly
Sculpture

While this piece was inspired by an African folk tale with the same title about a story of hope & remembrance it spoke to me of people dancing their hearts & souls out in an almost "May Day celebration in the air"!
